

Your heart health can't wait.

Get the care you need for your heart, **TODAY**, with our Same-Day Cardiac Appointment Program.

See a Cardiologist within 24 Hours: Now Available at Westchester Medical Center. Call 914.909.6917

Cardiovascular disease (CVD) is the leading cause of death in the United States. The Heart & Vascular Institute at Westchester Medical Center Health Network (WMCHHealth) developed the Same-Day Cardiac Appointment Program to make cardiology care easily accessible.

The program allows an individual seeking same-day care to be evaluated by a cardiology provider who will determine whether that individual is a candidate for a same-day appointment, or needs immediate care at the nearest emergency department.

The Same-Day Cardiac Appointment Program is available to the community **Monday through Friday from 8:30 a.m. to 5 p.m.** To request an initial appointment call **914.909.6917** between **8:30 a.m. and 2 p.m.** to be scheduled for the same day. Appointments requested after 2 p.m. will be scheduled to occur within 24 hours, ideally the next morning, except for weekends and holidays.

A same-day cardiac appointment will include:

-  Consultation with a cardiologist
-  Electrocardiogram (ECG)
-  Blood pressure measurement
-  Blood draw for lab analysis (if clinically indicated)
-  Echocardiogram (if clinically indicated)

For more information visit the Same-Day Cardiac Appointment Program
